SINERGIJA DEVELOPMENT AGENCY

Sinergija Development Agency was founded as a sub-regional development agency of 11 municipalities in Pomurje region with the task to prepare development projects and their implementation.

Sinergija Development Agency is a non-profit non-governmental organisation, body of public law (in accordance with Directive 2004/18/EC, Article 1) with legal status of a non-profit limited company and is owned by 11 founding municipalities (Beltinci, Cankova, Gornji Petrovci, Grad, Hodoš, Kuzma, Moravske Toplice, Pucnici, Rogašovci, Šalovci and Tišina), two chambers (Regional Chamber of Crafts and Entrepreneurship Murska Sobota, Chamber of Commerce and Industry - Regional Chamber Murska Sobota) and insurance company (Insurance Company Triglav d.d. - Regional Office Murska Sobota).

Sinergija Development Agency was established in January 1998 and began its business operation in March of the same year. Its mission is to promote the development of entrepreneurship and to coordinate the economic and spiritual development of countryside.

Its team consists of educated, well trained, experienced and permanent staff.

Vision of Sinergija Development Agency and of Sinergija Regional Development Partnership is to create such living conditions for inhabitants of municipalities of the development coalition / development partnership that they have the best or realistic possibilities for local comfort and global success.

Mission or role of Sinergija Development Agency and of Sinergija Regional Development Partnership is specified by following programme guidelines:

⇒ to link public and entrepreneurial interest with development goals of local environment;
⇒ to promote development of entrepreneurship and small industry;
⇒ to implement tasks of local area development programmes;
⇒ to establish and provide quality services of supporting environment for entrepreneurs or entrepreneurial local inhabitants;
⇒ to provide help (specific / specialised) to municipal administrations.

Strategic goals of local development coalition / regional development partnership and of programme for promotion of economic development in the area of founding municipalities of Sinergija Development Agency are the following:

➢ to pool key local development partners into a firm development coalition;
➢ to provide organised promotion of entrepreneurship and employment in the area of municipalities of development partnership and wider in Pomurje region;
➢ to provide coordination, guidance and implementation of functions of development planning for entrepreneurs and entrepreneurial local inhabitants, business services,
activation and development of human potentials (education), activation and development of financial potentials with involvement of local resources, promotion of innovation activities and of research and development;

- to link providers of promotion activities at local and regional level and to implement programmes efficiently;
- to provide quality services to entrepreneurs and entrepreneurial local inhabitants and municipal administrations;
- to stop the outflow or migration of inhabitants and to provide conditions for immigration or return of inhabitants;
- to provide organised inflow of (new) capital for realisation of entrepreneurial ideas and development activities.

With promotion and support of people concerning activation of their potentials with achieving of synergistic effects we would like to influence and contribute to development of the area of local development coalition / regional development partnership and of local inhabitants.

For this reason Sinergija Development Agency constantly endeavours to:

- be well organised, lead and coordinated ⇒ to serve interests and benefits of founders, regional development partnership and local inhabitants;
- be competent and efficient above average ⇒ because it has to provide specific services;
- be flexible regarding changes in the environment ⇒ because changing is essential element of entrepreneurship;
- be authoritative, influential in the environment and visible ⇒ only this way it can perform its mission;
- be identifiable and easily accessible ⇒ to serve users – people;
- provide low-cost services to the end user ⇒ in order for people to use the services;
- be well motivated, connected outside local environment and action oriented ⇒ to be efficient and useful.

Role of Sinergija Development Agency is primarily development planning (establishing who is capable to perform specific tasks) and only then consultant services (who should do what).

Sinergija Development Agency operates in predominantly rural area with a population of around 37,000 people and has around 900 registered economic subjects. Agriculture remains the dominant economic branch and the amount of entrepreneurial activity is below the Slovenian average.

Sinergija Development Agency has participated or is still participating in various national and international, interregional co-operations and Structural Funds financed projects, either as a lead partner or as a partner.

Sinergija Development Agency works as a business development institution supporting municipalities, other partners and the general public, and is responsible for the development of
entrepreneurship, economic and spiritual development in the area of municipalities of development partnership in Pomurje region and wider.

This entails primarily regular implementation of basic or general-interest information and counselling to existing and potential interested entrepreneurs, farmers and unemployed individuals in the area of development coalition or region, and providing expert and organizational support to authorities of local communities and to inhabitants regarding:

♦ establishment and start-up of new small enterprises or restructuring of existing enterprises;
♦ exploring possibilities and obtaining favourable financial resources for realisation of entrepreneurial projects – informing of development incentives of the Republic of Slovenia and European Union;
♦ helping citizens with preparing applications and documentation for international, national and local tenders or incentives;
♦ promotion of entrepreneurial spirit and creativity of rural population and introduction of supplementary and complementary activities in rural areas;
♦ providing advantages regarding job creation and (self-)employment of unemployed persons;
♦ preparation of common development programmes or projects and coordination and management of development programmes of founding municipalities;
♦ promotion of development potentials and management of regional development partnership;
♦ planning, implementation, coordination and management of local, regional and interregional development projects in the field of entrepreneurship, rural and agricultural development, development of human resources, sustainable development of infrastructure and environment, ecology, etc.;
♦ cooperation with other local and regional development agencies and administrative bodies and other partners in order to promote overall development of the region;
♦ establishing international development partnerships and planning and implementation of joint development projects, etc.

The essence of our work is to achieve synergistic effects, increase user demand and self efficiency, to meet the common interests of our development coalition / development partnership, environmental expectations and expectations of individual members of the coalition.
